

COMMISSIONERS AGREE UPON THE SELECTION OF SURVEYORS TO RUN NYE-ESMERALDA BOUNDARY LINE

Three surveyors will be employed by Nye and Esmeralda county to determine the correct boundary line between the two counties, according to the arrangements made yesterday at Goldfield when the commissioners of Nye and Esmeralda met in joint session. The local board returned to Tonopah last evening after the arrangements for the survey had been concluded.

The Tonopah board informed the Esmeralda officials that all Nye county desired was to have the location of the Tonopah mining district within its confines, but the southerners objected to this plan, notwithstanding that the last legislature authorized the annexation of the greater part of the territory in question by Nye. It was finally agreed that Esmeralda would select

a surveyor, Nye would also choose a surveyor and the two would then decide upon a third from some disinterested county. The line would then be run from the California boundary to the point where Mineral county starts.

W. J. Moran has been designated by the local commissioners to make the survey, while the Esmeralda board designated E. A. Byler as the representative from that county. Moran and Byler will hold a meeting shortly at which time the third surveyor will be chosen.

The commissioners departed this morning for Willow Creek and eastern Nye county to inspect the road conditions in that section and also to authorize the necessary repairs. The board will return to Tonopah this evening.

GOLD PROPERTY AT GREENWATER IS OPERATED

LONG EXTINGUISHED CAMP IS AGAIN SHOWING SIGNS OF MINING ACTIVITY.

With the placing of its 100-ton mill in operation the transition of the Greenwater Copper Mines and Smelter company, from a worked out copper property to a gold producer is complete. The new mill at Dale, which has a daily capacity of 100 tons of ore, began crushing the rock on May 1. The first cleanup will be made in a few days and definite information as to the recovery, values, costs and earnings then will be obtainable.

A statement given out for the management by one of the directors yesterday says: "Two years ago this company finding its copper properties at Greenwater, California, commercially unprofitable and with \$25,000 cash in its treasury decided to acquire a gold property that had possibilities. After a year of investigation, the Supply group at Dale, Cal., was acquired. More than a year was spent in developing sufficient ore bodies to warrant the installation of a mill. During this period a shaft was sunk to 100 feet and laterals driven every 100 feet on a vein varying in width from 3 1/2 to 8 feet, assaying from \$8 to \$30 in gold with an average of probably \$14 a ton. The positive and probable ore developed in this work is estimated at 40,000 tons.

The ore is strictly a cyanide ore, requiring only coarse crushing, and yielding 91 per cent of its gold value in treatment, and it is expected the ore will be treated and milled at a cost of \$5 to \$5.50 a ton.

The new mill has a crushing capacity of 100 tons a day. With cash assets of \$100,000 in its treasury, its mine developed and mill paid for, the company enters its producing stage. The management will keep the stockholders informed by monthly statements of the gross and net earnings.

LOCAL BUSINESS MAN ENJOYS BIRTHDAY PARTY

I. Tasem, local manager of the B. Shemanski jewelry establishment, enjoyed a birthday yesterday, and the occasion was made all the more enjoyable by a surprise party and dinner arranged by Mrs. Tasem upon his return home last evening and following the elaborate dinner, the host was tendered congratulations from those present. The surprise was carried out by Mrs. Tasem who assembled the guests without the knowledge of her husband. She also presented the head of the household with a handsome Masonic pin, set with a diamond, and a diamond ring as mementos of the occasion.

WILL OPEN LANDS.

We are informed on good authority that the opening of project lands to homestead entry, will take place during fair week of the Truckee-Carson Fair association, which will be either the first or the last week in September. This announcement came yesterday, and carries with it a great deal of meaning for this locality, for it is understood that all lands heretofore withdrawn from the fair will be set within the next week. —Churchill Eagle.

FLAG DAY TO BE OBSERVED BY TONOPAH ELKS

PUBLIC PATRIOTIC EXERCISES WILL BE HELD JUNE 15 AT ELKS HOME.

Flag day, one of the two occasions upon which the Elks throughout the United States hold public gatherings, will be observed in Tonopah on Sunday, June 15, by the members of Tonopah lodge No. 1652, B. P. O. E. A committee appointed several weeks ago has the matter in hand and an elaborate program will be presented. The services will be held during the evening at the Elks home.

The purpose of observing flag day is to instill into the minds of the younger generation the proper reverence that should be paid to the national colors and the program is carried out along patriotic lines. The services will be open to the public and it is expected that the affair will be witnessed by a great number of spectators. The complete program will be announced shortly.

The Elks committee handling the affair is composed of Frank P. Mannix, Henry C. Schmidt and Ross Condon.

SET OF DISHES CAN BE OBTAINED FOR ONLY \$1.50

REMARKABLE BARGAIN OFFER IS MADE TO HOUSEWIVES OF TONOPAH.

A complete dinner set of 42 pieces for \$1.50 is the startling offer made by the Bonanza, and that the housewives of this city are not slow in recognizing the exceptional bargain is proved by the large number of sets already sold. The sets are given with a year's subscription to this paper.

The prices of a year's subscription delivered by carrier is \$15. The price of the paper and the dishes combined is \$16.50. Many Bonanza subscribers have been regularly paying \$1.25 a month for several years. A saving of at least \$15 can be made by taking advantage of the clobbering offer. The dishes are of good grade and of neat design. Every home in Tonopah is in need of dishes and this is the opportunity to secure a set.

The offer will stand for a short time as the sets are being sold rapidly. Orders can be placed at the National Realty and Investment company where the dishes are on exhibition.

100 TO 1 SHOT IS WINNER OF ENGLISH DERBY

SUFFRAGETTE MAKES EFFORT TO STOP KING'S ENTRY, IS BADLY INJURED.

(By Associated Press.) EPSOM, Eng., June 4.—A. P. Cunliffe's Abeyeur, a hundred to one shot, today won the Derby, England's chief turf event, after James's Craganur in passing the post only a hand ahead, had been disqualified for crowding on the straights. Rappael's Louvois was second, and W. P. Walker's Great Short third. The French Nobus was fourth. Of the 45 original entries for the stakes of \$30,000 only 15 ran.

As the king's horse, Armer, rounder Tatten from the corner, a suffragette rushed into the course and clutched the reins. The horse fell trampling her almost to death. The jockey was badly injured. Many royal persons attended the race. In the race following the Derby a jockey named Whalley was badly injured and his horse had to be killed.

FOOTE, FORMER DIPLOMAT, DIES ADVANCED AGE

AT ONE TIME WAS ADJUTANT GENERAL OF THE CALIFORNIA MILITIA.

(By Associated Press.) SAN FRANCISCO, June 4.—Lucius Foote, diplomat, former adjutant general of California under Governor Booth, died today, aged 87. He crossed the plains in 1853 from New York, and was municipal judge and collector of port in Sacramento in the early days. He was consul at Valparaiso, performed diplomatic service in Central America and was minister to Korea in 1882.

The funeral will be held under the auspices of the Bohemian club.

NAMED MEMBER OPTOMETRY BOARD BY THE GOVERNOR

DR. CUNNINGHAM TENDERED A PLACE UPON THE STATE BOARD OF EXAMINERS.

Dr. P. M. Cunningham, the local optician, today received word from Governor Oddie at Carson that he had been appointed a member of the Nevada state board of examiners in optometry. The remaining two members of the board are Dr. H. A. Brown of Reno and Dr. George P. Devine of Goldfield. The term of the appointment is for three years.

The last legislature passed a law creating the examining board of optometry and hereafter all opticians and oculists who desire to practice in Nevada must first undergo an examination to determine their fitness. Thirty states in the union now have such boards, Nevada being ranked as the twenty-ninth in the list to enact such a law.

BUTCHERS JOIN WALKOUT.

(By Associated Press.) SIOUX CITY, Ia., June 4.—The strike in the Cudahy packing plant here spread to the plant of Armour and Company today, 550 men in the latter plant quitting work. Fifteen hundred are now idle in both plants and both are shut down. The laborers are demanding 20 cents an hour and the butchers 30 cents an hour. A strong force of police are on duty in the stock yards district, but there has been no serious trouble.

JEFF DAVIS REMEMBERED.

(By Associated Press.) RICHMOND, Va., June 4.—The anniversary of the birth of Jefferson Davis was observed throughout the state today, appropriate exercises being held by various Confederate patriotic bodies.

THE CONSERVATION OF ENERGY.

Shopping to some women, and to some men, too, means work—real hard drudgery. With knitted brow and determined look they go about their shopping with no more liking for it than a small boy who goes to have his hair cut. Shopping drudgery is so needless, so unnecessary. It is your fault and my fault if we go at it blindly, and worry ourselves to distraction when, by the simple method of reading intelligent, helpful advertising in good newspapers like the BONANZA we may shorten our steps, settle perplexing questions, and, incidentally if we read carefully, keep many a dollar within our purses that might otherwise go astray.

LIGHTNING BOLT KILLS THE DRIVER AND FOUR MULES

TERRIFIC STORM IN ELKO COUNTY RESULTS FATALLY FOR MAN AND BEAST.

Frank Ables, a teamster in the employ of the Mary's River Land and Cattle company, of Deeth, lies dead in the Keyser undertaking parlors at Elko, says the Free Press and four of his six mules lie dead near the shearing pens of the company, twenty-eight miles north of Deeth, as the result of a bolt of lightning at that place last Friday afternoon at 4:30 o'clock.

Ables was driving four mules and leading two behind his wagon when the lightning struck, and he and four of the animals were instantly killed. Another man who was standing about 100 feet away was knocked down and stunned, as were the other two mules, but they were only slightly injured. By some unaccountable prank the two mules on the lead and the two behind the wagon were killed, while the two on the wheel were practically uninjured.

The clothes worn by the victim were literally torn and burnt to shreds. His coat was the least damaged of his clothing, only one hole having been burnt in it, but his over-shirt, which was of blue cotton, was riddled into ribbons. Both shoes and his hat were torn to pieces, and while the head is severely burned the feet show no marks of lightning. Practically the entire body aside from the face and feet, show the effect of the lightning burns and bruises. The remains were brought to Elko.

COUNTY CLERK TO LOSE FEES AT GOLDFIELD

MONEY RECEIVED FOR ACKNOWLEDGEMENTS MUST HERE-AFTER GO TO COUNTY.

Whether the fees for deed acknowledgments where title was granted to town lots by the United States government should go to County Clerk Hamilton or to the county was the chief subject under discussion before the county commissioners this afternoon.

The commissioners were given an opinion in writing by District Attorney Diskin this morning that the county clerk had no personal right to the fees, but that they belonged to the county. The grand jury is said to have recommended to the commissioners that the county clerk be sued for this money, which is believed to amount to between \$800 and \$1500.

County Clerk Hamilton said he had no record of the sums received. He regarded this money as his personal property, he said, and did not consider that the acknowledgments were made before him. The commissioners are to decide at this session whether to direct that suit be brought or not.—Tribune.

ELECTRIC STORM CAUSES DESTRUCTION OF TRESTLE

REDDING, June 4.—An electric storm caused the burning of a trestle near Kennett today, delaying all traffic. A freight train narrowly escaped plunging into the river.

GREAT PANIC IS WITNESSED ON N. Y. STOCK EXCHANGE

DESCRIBED AS GREATEST EXCITEMENT SINCE THE PANIC OF 1907.

(By Associated Press.) NEW YORK, June 4.—The first hour of the stock exchange today witnessed the greatest excitement since the panic of 1907. Stocks were literally poured out regardless of the prices. The greatest declines were in Standard shares. Indications of the government's attitude toward the tobacco trust and Standard Oil are the principal causes of pessimism. The London markets were also influenced. The close was easy with a part recovery. A stiffening of the money market is expected before the end of the month.

MATAMORAS IS CAPTURED BY THE STATE TROOPS

FEDERALS WITHDRAW, TROOPS ARE SENT TO RECAPTURE THE CITY.

(By Associated Press.) SAN ANTONIO, June 4.—It is reported that Matamoras surrendered this morning to General Blanco of the constitutionalists.

BROWNSVILLE, June 4.—The reason the federals withdrew from Matamoras was because of the exhaustion of the ammunition.

MEXICO CITY, June 4.—One thousand soldiers and artillery has been sent to Matamoras from Vera Cruz with a gunboat to recapture the city.

BUSINESS MEN ARE ORDERED TO SUBMIT REPORTS

RENO MERCHANTS FAILING TO COMPLY WITH ORDER OF NEW COMMISSION.

Up to the present time about one-half of the business men of the county have failed to comply with the requirements of the license law as interpreted by the tax commission by submitting statements of the amount of business done quarterly by them, according to a statement made at the sheriff's office this morning, says the Gazette.

Sheriff Burke is anxious that all statements be submitted before July in order that the regulations for licenses may be made.

The law under which the statements are required has been on the statute books for some time, but has never been enforced in previous years. The tax commission has insisted on the statements being submitted in order that the equalization of license payments may be submitted. The law makes it mandatory on the part of the business men to submit the statement, and provides a penalty for violation. In case the statements submitted are found to be incorrect the person falsifying his statement will be required to pay double for his license.

WOMAN FROM GOLDFIELD SENT STATE ASYLUM

MATRON OF INSTITUTION PASSED THROUGH TONOPAH WITH PATIENT.

Miss Rose McCaffrey, matron of the state hospital for the insane at Reno, passed through Tonopah this morning, returning to the north, having in charge a woman from Goldfield who was ordered committed to the state institution. Regarding the patient the Goldfield Tribune has the following:

Mrs. Bessie Lewis will be sent to the state hospital for the insane at Reno tomorrow. A week ago last Sunday her condition became such that she had to be placed in the sheriff's care. Then she was sent to the county hospital. Her sister arrived from the east on Friday.

Mrs. Lewis, who had been brooding on religious topics for some time, was found to be suffering from religious mania. When her sister called at the hospital the patient recognized her at once, but instead of flying immediately to her arms, Mrs. Lewis first insisted on praying for several minutes. A hearing took place in the district court yesterday afternoon before Judge Somers and on hearing the evidence and observing the patient, the court considered that the best that could be done would be to send her to Reno.

Under the new law insane patients are no longer sent to the asylum in care of deputy sheriffs, but a deputy from the hospital comes from Reno to get them.

FAGAN IS AGAIN NAMED PRESIDENT OF MINERS' UNION
